Documentary Debuts in Santa Rosa Feb. 17

What is the Electric Car? is a timely feature length documentary from Magnolia Village Studios & Nemours Marketing about Electric Vehicles (EVs) which will become commonplace around the world over the next few years. This entertaining & enlightening film will trace the early history of EVs and continue forward 100 years later to follow the re-birth of an entire industry. This film is not just for EV enthusiasts or those passionate "Green" consumers, but will be an exciting journey for all audiences to go "Back to the Future!"
